Organization

Superannuation Plans

Plans

Legislation was introduced July 1, 1930 to inaugurate a superannuation plan for teachers in Saskatchewan. The plan provisions under the original Teachers' Superannuation Act have been significantly amended over the past 57 years. A major milestone was in 1974 when the Teachers' Superannuation Plan became a negotiable matter as a mandatory item under The Teacher Collective Bargaining Act, 1973. This provision was subsequently incorporated into section 232 of The Education Act. As a negotiable item, any amendments to The Teachers' Superannuation Act must first be agreed to and included in a provincial collective bargaining agreement. Legislation is then amended to reflect the negotiated provisions of the plan.

Effective July 1, 1980 the "money accumulation pension" concept was introduced to Saskatchewan teachers. Also effective July 1, 1980, the Minister of Finance began matching teacher contributions to both the formula or defined benefits plan and to the recently introduced annuity or money accumulation plan.

Formula or Defined Benefits Plan

All teachers who began teaching prior to July 1, 1980, are participants in the formula plan, unless the option to transfer to the annuity or money accumulation plan has been exercised. The allowance payable to a teacher who superannuates under this plan is determined by applying a formula based on years of service and highest salaries earned during any five years of teaching.

Annuity or Money Accumulation Plan

This plan, introduced July 1, 1980, applies to all teachers who began teaching in Saskatchewan after July 1, 1980. The allowance payable to a teacher who superannuates under this plan is in the form of a life annuity based on the money accumulated and standing to the credit of the teacher at the time of retirement. The total accumulated amount includes matching government contributions. Main factors affecting the amount accumulated and the size of the annuity at the time of retirement are:

- rate of salary increases;
- contribution rates;
- earnings of the annuity fund;
- age at retirement; and,
- type of annuity selected.

Funds

All monies are held in trust by the Minister of Finance. The portfolio of high quality investments includes bonds, debentures, mortgages and equities.

Four distinct funds have been established.

Teachers' Superannuation Fund

This fund consists of all contributions made by teacher participants of the Formula Plan, plus matching contributions by the provincial government commencing July 1, 1980, together with credited interest currently calculated at the rate of 7 per cent compounded annually. In addition to matching contributions, the government support includes any monies required to meet payments for allowances granted under the plan.

All contributions made by or on behalf of a teacher remain in the Teachers' Superannuation Fund until the date of retirement. At that time, the total amount standing to the credit of the teacher is available for the payment of superannuation allowances.

Annuity Fund

This fund consists of contributions made by teacher participants of the Annuity Plan together with matching government contributions, plus interest as earned by this fund. At the present time, teachers and government each contribute a percentage of the teacher's salary inclusive of Canada Pension Plan contributions. Under certain conditions a teacher may elect to transfer the contributions and interest to their credit in the formula plan, together with a government matching amount and a government bonus interest amount, to the Annuity Fund.

Supplementary Allowances Fund

This fund was established on behalf of all teachers who contribute to the Annuity Plan. The proceeds of this fund are to be used for indexing annuities and for providing payment of dependant children's allowances upon the death of a teacher.

The main source of monies to this fund consists of the difference between the total contribution rate and the combined Canada Pension Plan and Annuity Fund contribution. The government contributes a matching amount.

Voluntary Contributions Fund

Effective December 13, 1985, a Voluntary Contributions Fund was established under legislation pursuant to the 1985-86 Provincial Collective Bargaining Agreement between boards of Education/ Government of Saskatchewan and the teachers of Saskatchewan. With this amendment to The Teachers' Superannuation Act a teacher may make additional tax deductible pension contributions which are invested and accounted for separately from the mandatory superannuation contributions. All Fund earnings are allocated to the teacher contributors. These voluntary contributions have no impact on the level of superannuation benefits to which a teacher may be entitled as a participant in either the Formula or Annuity Plan. Teachers must cease teaching to be eligible for a refund of voluntary contributions.

Reciprocal Agreements

The Teachers' Superannuation Commission may enter into reciprocal pension agreements with other teacher employer groups and with public sector employer groups. Agreements are presently in effect between the Saskatchewan Teachers' Superannuation Commission and the following pension jurisdictions:

- provincial teacher pension authorities in the other nine provinces;
- Province of Saskatchewan Public Service Superannuation Board and the Public Employees (Government Contributory) Superannuation Plan Supervisory Board;
- Government of Canada Public Service Superannuation;
- Province of Alberta Public Service Pension Board, the Public Service Mangement Board and the Local Authorities Board;
- Crown Investments Corporation of Saskatchewan;
- Province of Saskatchewan Municipal Employees' Superannuation Commission;
- University of Saskatchewan;
- University of Regina;
- University of Alberta;
- Board of Trustees of the Evangelical Lutheran Church of Canada; and,

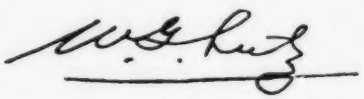
Auditor's Report

To the Members of the Legislative Assembly
Province of Saskatchewan

I have examined the balance sheet of The Teachers' Superannuation Commission as at June 30, 1987 and the statements of changes in fund balances and annuity underwriting income and retained earnings for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Commission as at June 30, 1987 and the changes in its fund balances and the results of its annuity underwriting operations for the year then ended in accordance with the accounting principles disclosed in Note 2 to the financial statements applied on a basis consistent with that of the preceeding year.



Regina, Saskatchewan
December 31, 1987.

W.G. Lutz, F.C.A.,
Provincial Auditor

The Teachers' Superannuation Commission
Notes to the Financial Statements
June 30, 1987

1. **Status of the Commission**

The Teachers' Superannuation Commission is established under The Teachers' Superannuation Act to administer pension schemes for the benefit of Saskatchewan teachers. The Act has established the following Funds to account for these pension schemes:

a) Teachers' Superannuation Fund

This Fund is used to account for the net assets accumulated for a defined benefit final average pension plan for teachers who commenced service prior to July 1, 1980. These teachers may elect to transfer their accumulated contributions and be subject to the provisions relating to the Annuity Fund prior to July 1, 1988.

b) Annuity Fund

This Fund was established on July 1, 1980 to account for the net assets accumulated for a defined contribution pension plan for teachers who commenced service on or after this date. Although the Commission underwrites annuity contracts for teachers upon their retirement, the accumulated monies contributed and available to pay annuities are not separately administered. To disclose the operating results of the annuity underwriting operation, a Statement of Annuity Underwriting Income and Retained Earnings forms part of these financial statements.

c) Supplementary Allowances Fund

This Fund was also established on July 1, 1980. It is used to provide certain additional payments to teachers receiving annuities from the Annuity Fund as well as to dependants of deceased annuitants.

d) Voluntary Contributions Fund

This Fund was established on December 13, 1985 to account for amounts received from teachers who have elected to make voluntary contributions.

The Commission separately administers a Group Life Insurance Plan funded jointly by plan participants and the Minister of Finance of the Province and a Group Dental Plan funded totally by the Minister of Finance. Information concerning these activities is not disclosed in these financial statements but is included in the Commission's annual report.

2. **Significant Accounting Policies**

a) These financial statements are prepared on the accrual basis of accounting.

b) Investments are recorded at cost. Any premium or discount on purchase is amortized into revenue on a straight-line basis over the term of the investment. Gains or losses relating to investments sold prior to maturity are recognized in the year of sale.

Short term investments are recorded at cost, which approximates market value.

c) The provision for future annuities represents the estimated amount required to meet future payments to annuitants and is determined by a yearly actuarial valuation. The change necessary to reflect the actuarial surplus/deficit is recorded as revenue or expense of the Annuity Fund.

The amount of assets attributed to the annuity underwriting operation is equivalent to the accumulated balances of teachers receiving annuities plus investment income less payments to annuitants.

3. **Investments**

	1987	1986
Bonds and debentures	$ 393,615,307	$ 353,349,319
Equity investments	118,821,279	110,192,056
	512,436,586	463,541,375
Mortgages	34,231,544	34,797,630
Real Estate	16,653,131	16,552,932
Short Term	106,158,557	68,282,380
	$ 669,479,818	$ 583,174,317

Bonds, debentures and equity investments had a quoted market value at June 30, 1987 of $551,983,784 (1986 - $503,064,818). Short term investments are valued at cost which approximates market value. Mortgages and real estate are not publicly traded and accordingly do not have a quoted market value.

As a result of the sharp declines that occurred in the stock market in October and November, 1987, the quoted market values of investments held by the Commission dropped by a significant amount. At December 31, 1987, bonds, debentures and equity investments with costs totalling $525.7 million had a market value of $526.5 million. In addition, the Commission realized net losses totalling $4.6 million on investments sold between October 19, 1987 and December 31, 1987.

Section 13 of The Teachers' Superannuation Act provides that the Minister of Finance hold all monies in trust for investment in specified classes of securities.

4. **Minimum Balance of Funds**

Teachers' Superannuation Fund -

Under Section 14(1) of The Teachers' Superannuation Act, the Fund shall at all times at least equal the sum of:

(i) contributions made to the Fund by or on behalf of teachers who have not retired, together with interest thereon;

(ii) contributions made to the Fund by the Minister of Finance; and

(iii) the teachers' voluntary contributions, together with interest thereon.

At the year end, the minimum balance of the Fund was determined to be $457,477,066 (1986 - $406,909,878) according to the above criteria.

The increase in the minimum balance of the Fund in the current year is due to the following:

Contributions received	$50,557,110
Provision for interest and other	22,161,924
Accumulated contributions of superannuating teachers	(17,423,789)
Refunds and transfers	(4,728,057)
Net increase in minimum balance	$ 50,567,188

The Commission also considers interest on contributions made by the Minister of Finance totalling $30,521,305 (1986 - $21,448,130) to be a component of the minimum balance of the Fund for administrative purposes.

Annuity Fund -

The Annuity Fund balance is equal to the minimum required by Section 14(2) of The Teachers' Superannuation Act which states that the Fund shall at all times at least equal the sum of:

(i) contributions made to the Fund by or on behalf of teachers who have not retired;

(ii) contributions made to the Fund by the Minister of Finance; and

(iii) any contributions that may be transferred to the Fund on behalf of a teacher from the Teachers' Superannuation Fund;

together with interest thereon.

At the year end, the minimum balance of the Fund was determined to be $63,303,211 (1986 - $44,795,081).

Supplementary Allowances Fund -

Section 14(3) of The Teachers' Superannuation Act states that the Fund shall at all times at least equal the amount of contributions made to the Fund together with interest thereon. At June 30, 1987, the accumulated amount of teachers' contributions plus interest was $1,910,337 (1986 - $1,437,963).

5. **Assets Attributed to Annuity Underwriting**

The amount of assets attributed to annuity underwriting as at June 30, 1987 of $1,106,736 (1986 - $268,588) is comprised of investments which are separately accounted for and cash on account.

6. **Related Party Transactions**

In accordance with Section 73 of The Teachers' Superannuation Act, all expenses of the administration of the Act are paid out of monies appropriated to the Department of Education by the Legislature for the purpose. Accordingly, no provision for these costs is included in these financial statements.

7. **Actuarial Valuation**

An actuarial valuation was performed on the Teachers' Superannuation Fund as at June 30, 1986. The report stated that, using the accrued benefit actuarial cost method with salary projection, the present value of accumulated benefits resulting from service rendered to the valuation date was $1,834,149,000. It further stated that assets, valued at amortized cost except for equities which are valued at cost partially adjusted to market value, totalled $555,207,000 resulting in an unfunded actuarial liability of $1,278,942,000. The next valuation is planned to be performed as at June 30. 1989.

The Minister of Finance is obligated by Section 18(1)(a) of The Teachers' Superannuation Act to provide sufficient money to make it possible at all times to pay the allowances granted under the Act.

8. **Payments from the Minister of Finance**

Section 18 of The Teachers' Superannuation Act requires the Minister of Finance to pay to the Teachers' Superannuation Fund sufficient money to make it possible at all times to pay the allowances granted under this Act or a former Act, an amount equal to the amount contributed by teachers after July 1, 1980 and any amount necessary to maintain a minimum fund balance as provided in Section 14(1) of the Act.

During 1987, the following payments were received as required above:

Matching contributions	$24,743,032
Other to fund pensions	10,448,480
	$35,191,512

It also requires him to pay to the Annuity Fund an amount equal to that contributed by teachers to that Fund and, for those teachers who transfer from the Teachers' Superannuation Fund to the Annuity Fund, an amount equal to the teachers' contributions made prior to July 1, 1980 together with interest thereon and an amount equal to twice the difference between the interest earned by the Teachers' Superannuation Fund and the interest credited to the teacher in that Fund.

In addition, the Minister of Finance is required to pay to the Supplementary Allowances Fund an amount equal to that contributed by teachers.

9. **Comparative Figures**

Certain comparative figures have been reclassified in order to conform with the current year's financial statement format.

Group Life Insurance

Program

Legislation was introduced September 1, 1960 to provide group life insurance coverage for 8,928 teachers. The amount of insurance coverage and the plan provisions have been considerably increased since its inception. In 1974, group life insurance became a mandatory negotiable item under The Teacher Collective Bargaining Act, 1973 and continues as such pursuant to section 232 of The Education Act. As a negotiable item, any amendments to the group insurance plan occur only as a result of a provincial collective bargaining agreement.

In addition to providing life insurance coverage for Saskatchewan teachers, the teachers' group life plan also provides coverage for individuals employed on a full-time basis by a board of education as secretary, treasurer, secretary-treasurer, assistant secretary, assistant treasurer or assistant secretary-treasurer, and for individuals employed by the Saskatchewan School Trustees' Association in positions requiring such qualifications. Coverage is available for:

- active teachers;
- teachers absent from work for educational reasons;
- teachers absent from work due to ill health;
- teachers absent from teaching in Saskatchewan to serve as an exchange or special teacher; and
- superannuated teachers.

The insurance coverage includes an amount for accidental death and dismemberment benefits equal to and in addition to the amount of ordinary life insurance in effect.

Administration

With the authorization of the Lieutenant Governor in Council and with the approval of the Saskatchewan Teachers' Federation, the Minister of Finance has entered into an agreement with the Sun Life Assurance Company of Canada to underwrite the teachers' group life insurance plan.

The Teachers' Superannuation Commission is responsible for the legislation governing this plan and the administration of the underwriting contract. This administration includes the collection and subsequent payment of premiums to the contracted life insurance company. The Minister of Finance is responsible for payment of 50 per cent of the premium required to provide each teacher the coverage as set out in the provincial collective bargaining agreement. Superannuated teachers and individuals employed within the category of secretary-treasurer are responsible for 100 per cent of the required premiums.

Highlights of the 1986-87 Insurance Year

- Insurance coverage increased from $76,000 term life in 1985-86 to $83,000 term life in 1986-87 with a similar increase in the matching coverage amounts for accidental death and dismemberment. The 1986-87 annual premium for term life and accidental death and dismemberment coverage was $144.40.
- Insurance coverage was provided for a total 14,404 participants. Of that total 13,660 were teachers, 654 were superannuated teachers and 90 participated within the category of secretary-treasurers.
- Total insurance in force was $1,195,532,000.
- Total premiums amounted to $2,052,068.40 of which $972,396.82 was the share required by the Minister of Finance pursuant to the provincial bargaining agreement.
- There were 25 death claims, 3 accidental death claims and a net increase of 22 claims in which a waiver of premium was approved by Sun Life Assurance Company.
- Net deficit on operations for the year was $937,074,60.
- The Rate Stabilization Fund was depleted to partially offset the operations deficit as at August 31, 1987.

Dental Plan

Program

A dental plan was implemented effective January 1, 1986 for Saskatchewan teachers in accordance with the 1985-86 Provincial Collective Bargaining Agreement between boards of education, the Government of Saskatchewan and the teachers of Saskatchewan. The Teachers' Dental Plan provides coverage for Preventive, Routine and Major Dental Services for:

- teachers employed on a regular contract by a board of education;
- teachers receiving disability benefits from the Sask. Teachers' Federation Income Continuance Plan and/or the Teachers' Superannuation Plan; and
- dependants of eligible teachers but not those dependant children eligible for coverage under the Saskatchewan Dental Plan because of age.

Part-time teachers employed on regular contract receive the same level of coverage as eligible full-time teachers. The Collective Agreement requires that the Maximum Plan Reimbursement Level be adjusted for any change to the suggested Fee Guides of the College of Dental Surgeons of Saskatchewan and the Denturists Society of Saskatchewan made during the period of the Collective Agreement; such adjustment to maintain an equivalent ratio of coverage as was in effect on the date the Agreement was signed.

Administration

The Minister of Finance, on behalf of the Government of Saskatchewan, is responsible for all the costs associated with the Teachers' Dental Plan. Teachers are not required to contribute to the Plan. The Government of Saskatchewan and the Saskatchewan Teachers' Federation have mutually agreed to contract Metropolitan Life Insurance Company for payment of benefits as provided by the Plan. There is no deductible required and Metropolitan will make reimbursement to the teacher for a percentage of eligible dental charges incurred up to the Maximum Plan Reimbursement level for each covered dental procedure code.

The Teachers' Dental Plan is administered and managed by the Teachers' Superannuation Commission. This administration includes submission of dental claims to Metropolitan for claims adjudication/payment and communication with teachers regarding the terms of the Plan and status of claims being processed. The Commission and Metropolitan are committed to claim settlement within three weeks of claim submission to the commission offices.

Highlights of the 1986-87 Dental Year

- Although the Teachers' Dental Plan was implemented effective January 1, 1986, the actual processing of claims for dental charges incurred for the period January 1, 1986-March 31, 1986 commenced April, 1986 and have, therefore, been reported as expenditures for the 1986-87 dental year.
- The Teachers' Superannuation Commission processed a total of 17,879 claims for the 1986-87 dental year with payment totalling $1,553,745.90 being made with respect to 17,341 claims:

11043 Employee Claims	$1,018,030.08
6298 Dependant Claims	$ 535,715.82
